

Welcome to the Café

Pull up a chair, pour a brew, and find your people.

The Café includes several welcoming spaces, each designed for a different type of conversation.

Stay as long as you like, the doors are always open.

Why The Café Exists

The Café is a warm, heartfelt haven within The Vilij where SEND families who often feel isolated can breathe out, feel understood, and finally connect with others who truly get it..

The Café gives us:

- A friendly place for informal conversation.
- A space to share everyday experiences.
- Peer support without judgement.
- Moments of humour, relief, and solidarity.
- Opportunities to build genuine friendships.

Sip & Natter

Our friendship corner to exhale & connect.

It's a relaxed space for everyday chat — a place to catch up, share the little moments, laugh, vent, or just talk. The goal is simple: human connection.

Tea and Empathy

Honest conversations without judgement.

It's a quiet space for honest conversations about loneliness, exhaustion, identity, and the juggle of SEND family life — a place to feel understood and find hope in others who share similar experiences.

The Brew Source

Quick answers from people who understand.

It's a supportive space where parents share heartfelt advice, honest questions, and practical solutions — all easy to find or add when you need a little help.

The Elder Brew

A circle just for grandparents

SEND grandparents carry fierce love and quiet worries of their own. The Elder Brew offers a gentle space to share, support one another, and celebrate the children they cherish.

Show Us Your Mug

A warm welcome to new Vilij members.

Make a brew and say hello by sharing your favourite mug and a few words about yourself.

Brewtiful Bites

Food, comfort, and small pleasures.

A light-hearted space for sharing favourite recipes, comforting finds, quirky food combos SEND-friendly places, and the little food joys that bring us together.
